S.O.S Support our Science

Development of the school remains a top priority for our funds, so when we were recently made aware of an opportunity to gain matched funding in support of the Science block refurbishment through the

Greenham Trust we jumped at the chance.

We are very pleased to tell you that we donated £2,500 to the scheme, which is now matched and **worth £5,000** for the project!

In total the fund has now raised £55k of the £78k to complete the refurb which the school are planning for the Easter break. If you would like to find out more, or can add to the contributions then please check out the website:
